

Esmée joined PricewaterhouseCoopers LLP in 1993 from Sphere Drake Underwriting Management Limited and is a Director in the Actuarial and Insurance Management Solutions Division (AIMS). She has over 15 years experience within the insurance industry. Whilst she has a broad range of experience, her specialist work focuses on London market business, and assessment and evaluation of long-tailed general insurance liabilities including asbestos, pollution and health hazards and exit solutions for companies and portfolios in run-off. She has worked extensively on the development and implementation of schemes of arrangement for both insolvent and solvent insurers. In addition she has advised on commutations for both policy holders and reinsurers.

Esmée has specialist knowledge of complex pool arrangements through her scheme work on clients such as KWELM, Bermuda Fire Marine and Bryanston. In addition, she has considerable understanding of the WFUM pool structure and liabilities through extensive work with key pool members in recent years.

Her clients have included KWELM, Bryanston, Andrew Weir, Bermuda Fire and Marine, Tokio Marine, Oslo Re, Mitsui Sumitomo (Europe), Allianz Cornhill, Swiss Re, Generali, Legal and General, TT Club, Prudential and AIG.
