

KPMG LLP (UK) – Curriculum Vitae

KPMG's global network provides financial advisory and tax services to a number of the world's leading insurers and the UK firm is a market leader in life and non-life markets. KPMG member firms have more than 3,000 insurance sector professionals. Our global insurance practice covers 80 financial centres around the world.

KPMG LLP (UK) has established a leading reputation for dealing with major insurance insolvencies, devising exits plans for solvent companies in run-off, and assisting policyholders in relation to solvent schemes of arrangements ("Schemes").

Partners in the UK firm have been appointed to act in the interests of creditors as Liquidators, Provisional Liquidators and Scheme Administrators in some of the most significant insurance industry insolvencies in the UK including English & American Insurance Company Ltd, Sovereign Marine & General Insurance Company Ltd ("Sovereign"), National Employers' Mutual General Insurance Association Ltd and HIH Group Companies.

Our team of qualified accountants, insolvency practitioners, insurance specialists and actuaries have significant experience in reviewing run-off strategies and advising on the implementation of strategies to finalise liabilities. We have advised on a number of solvent Schemes, both in the capacity of acting as Scheme Advisers to companies proposing Schemes and acting for policyholders affected by such Schemes.

Tony McMahon and John Wardrop, the Scheme Administrators of Sovereign and partners in KPMG LLP (UK) responsible for carrying out our role as Scheme Adviser, are Chartered Accountants and Licensed Insolvency Practitioners.
